

PESTICIDE TRAINING COURSES 2012

Our 21st year
of training!!

New for 2012.... All courses provide approved recertification credit for applicators from three states!! Missouri and Nebraska certified applicators will be recertified with attendance, and Kansas applicators will receive both “core” (1 hour) and “pest management” (5.5) credit hours.

OVERLAND PARK, KS
January 7-8

KANSAS CITY
March 5-6

ST. LOUIS
March 13-14

- ▶ **APPLICATOR RECERTIFICATION** (*attend first day only*)
- ▶ **PRE-TEST TRAINING**
- ▶ **TECHNICIAN TRAINING and RETRAINING** (*...for Missouri technicians...attend both days*)

Attendance at the course will provide recertification for certified applicators in Missouri and Nebraska, and will provide 1 hour of “core” and 5.5 hours of “pest management” credits for applicators in Kansas (Kansas categories include 2, 3a, 3b, and 6.) Approved categories for all three states include **Forest Pests, Ornamental and Turf, and Right-of-Way**.

Missouri and Nebraska certified applicators and licensed technicians need only attend the first day to be recertified or retrained. Kansas applicators need to attend both days to receive the 1 hour of “core” and 5.5 hours of “pest management” credits. Attendance at both days is needed for initial Pesticide Technician Training in Missouri.

WHO SHOULD ATTEND ?

Green-industry employees and business owners, including employees at golf-courses, landscape contracting firms, arborists, foresters, and property managers. The course is useful for anyone needing recertification in: **Forest Pest Category, Ornamental & Turf Categories; and Right-of-Way Category**. Both Missouri and Nebraska have approved the course for recertification, and Kansas has approved it for credits toward recertification. The course is also useful as a preparation tool for those wanting to prepare for the applicator exams required to obtain an applicators license.

FEES and PAYMENT INFORMATION

All payments by check or money order made payable to “**Davey Resource Group**”. No credit card payments accepted. **No refunds**.

Early bird registration for KC and STL locations must be received before February 1, 2012. Advance registration must be received 7 days before each session.
